

POLICY

Student use of mobile phones and wearable devices at Adelaide High School

Scope

This school's policy is implemented in line with the Department for Education's [Student use of mobile phones and personal devices policy](#), which applies to all government schools. This document provides direction to students, staff, and families about managing personal devices that students choose to bring to school.

For the purposes of this policy, personal devices includes mobile phones, smart watches and any other wearable devices, including wireless earbuds/headphones etc.

Rationale

With the widespread and increasing ownership of mobile phones and other devices among students it is critical that schools, in partnership with families, provide clear guidance for students to become informed, safe, respectful, and responsible digital citizens.

It is the Department for Education's position that access to personal devices during school hours must be managed so that students can be fully present in their learning and in their interactions with their teachers and peers.

The aim of this policy is to help promote:

- safe environments with reduced negative impacts of inappropriate use of devices at school, such as cyberbullying, exposure to harmful content, and critical incidents that involve mobile phones.
- classroom environments where teachers can teach, and students can learn, free from distractions caused by personal use of devices.
- use of breaks as quality time away from screens, encouraging physical activity and play and meaningful face-to-face connections with peers.

Personal devices at school

Students are permitted to bring personal devices to school:

- as a measure to ensure their safety while travelling to and from school
- so that parents and part-time employers can contact them outside of school hours
- so they can be contacted about a person under their own care, where applicable
- to be used during school hours in line with an exemption that has been approved by the school under this policy.

While students are at school, or attending school activities, they must comply with any reasonable directions given by school staff in line with this policy regarding their personal devices.

The Department for Education's policy requires all students at all department schools to **keep personal devices 'off and away' between the start and end of each school day, and while they are attending school activities off-site, such as camps and excursions.**

Students will not be able to access their personal devices at any time during school hours, unless they have received an approved [exemption](#) from the school to use the device for a specific, agreed reason. This means both physical access and remote access (e.g. connecting with the personal device via hotspot or using paired earbuds/headphones).

Storage of personal devices at school

Students will turn their devices off before putting them away. This includes taking off and storing any wearable technology that fits the definition of this policy, such as smartwatches and wireless devices.

Students are required to keep all mobile phones and wearable devices in their school bag or in their individual lockers while on school grounds (this is defined as the area inside the site boundary, made up of West Terrace, Glover Avenue, the roadway between the school and Ellis Park and the rear of the school oval) and attending school activities such as camps and excursion. Students are reminded to ensure they keep their lockers securely locked and keep their padlock combination private.

Exemptions

Individual students may have extenuating reasons for needing access to their personal device during school hours, such as where:

- the device is used to monitor or help manage a health condition.
- the device is a negotiated adjustment to a learning program for a student with disability or learning difficulties.
- the student has extenuating personal circumstances that require them to have more ready access to their personal device, such as being a parent themselves or a primary carer to a younger sibling or unwell family member.

Please contact the school if you need to request an exemption due to exceptional circumstances. These requests will be considered by the principal (or delegate) on a case-by-case basis. If approved, the exemption will be recorded in the student's file or health care/learning plan and as appropriate.

Roles and responsibilities

Principal

- Will ensure:
 - The school's policy has been endorsed or ratified by governing council and is clearly communicated and accessible to all students, staff, and families.
 - There is a process for regular review of the school's policy.
 - Secure storage is provided for student personal devices that are handed in to school staff and individual lockers or locks that the school provides for students to store their belongings are appropriately secure.
 - Processes are in place for monitoring internet and school network use by all members of the school community.

- Enforce the policy and responses to instances of non-compliance.
- Consider requests for exemptions from the policy from parents or independent students due to exceptional circumstances on a case-by-case basis. Make sure that approved exemptions in this category are documented and that relevant staff, including temporary relief teachers, are informed about students with an exemption.
- Model appropriate use of mobile phones and support school staff to do the same. Support families to understand the importance of promoting safe, responsible, and respectful use of mobile phones to their children.
- Report and respond to incidents of inappropriate or illegal use of personal devices in line with department policy and procedures and any legal requirements.

School staff will

- Deliver learning opportunities and maintain a safe and productive learning environment. Take steps to minimise distractions from the non-educational use of personal devices in the learning environment.
- Respond to all instances of non-compliance in line with the school's policy. This includes yard duty.
- Report and respond to incidents of inappropriate use of personal devices in line with department policy and procedures and any legal requirements.
- Ensure students who are given permission to access their personal device use it appropriately and only for the specified purpose and store their personal devices away after the exempted activity has concluded.
- Make sure that any student personal devices handed in for their care are stored in a secure location and students are responsible for collecting (or their parent or caregiver) by the end of the same school day.
- Model appropriate use of mobile phones and support families to understand the importance of promoting safe, responsible, and respectful use of mobile phones to their children. Use mobile phones for work-related/emergency purposes when students are under their care. **This includes yard duty where duty of care should not be compromised by staff unnecessarily accessing devices when on duty.**

Students will

- Comply with the requirements of this policy and follow all reasonable directions from the principal and school staff.
- Switch all personal devices off on arrival at school each day and store it away as specified in this policy.

Parents/caregivers will

- Support the school's implementation of this policy, including the consequences for non-compliance.
- Encourage their child not to bring personal devices to school unless necessary.
- Understand that the department does not provide insurance for accidental loss or damage to personal property that is brought onto school grounds (however, claims may be met under the department's public liability insurance where the loss or damage can be attributed to a negligent act or omission on the part of the school – the school will contact the department for advice if this may be the case).
- Use the school's formal communication channels in all instances to communicate with the school or to make contact with their child during school hours (including where a student requires early collection from school). Encourage their child to always report to a school staff member in the first instance if they become unwell or experience an issue at school.

- Recognise the important role they play in supporting their child to use their mobile phone (or other personal devices) in a safe, responsible, and respectful way.

Questions, concerns and further information

This policy has been implemented by the school in line with the Department for Education's 'Student use of mobile phones and personal devices policy'. You can find more information about this policy, and links to further resources for parents about personal devices and online safety, on the department's website: [Mobile phones and personal devices at school \(education.sa.gov.au\)](https://www.education.sa.gov.au/mobile-phones-and-personal-devices-at-school).

If you have any questions or concerns about the department's policy, you can contact the department at:

Email: education.customers@sa.gov.au or submit an [online feedback form](#)

Phone: Free call: 1800 088 158

Please contact the school directly to discuss the possibility of an exemption if your child has exceptional circumstances as outlined in this policy.

Review of policy

Mobile phone and wearable devices policy will be reviewed in December 2023 by the Executive Leadership Team.
