

6 August 2021

Dear Parents/Carers of Year 9 – 11 students,

The new VET for School Students Policy is being implemented by the Department for Education in 2022. The policy aims to clearly outline pathways to employment, embed career education in schools and provide high quality Vocational Educational Training (VET), designed with industry, to better prepare students for further study, training and employment. To access more information about this new policy and its implementation, please click [here](#).

In 2022 our Eastern Adelaide Schools Vocational Alliance (EASVA) will once again offer a range of courses at locations such as Marden Senior College, Adelaide Botanic High School and Glenunga International High School. Information regarding these offerings will continue to be uploaded to the EASVA [website](#) as it becomes available.

Our students will also be able to access some courses offered via other VET alliances and via a range of approved Registered Training Organisations (RTOs).

The core options available to students from 2022 are

- VET as part of a Flexible Industry Pathway (FIP)
- Stackable VET (vocational learning that sits outside of a FIP) are vocational experiences outside of these will be ideal for 2022 Year 10 students. Flexible Industry Pathways will be ideal for next year's Year 11 (or 12) students.

We recognise that many students will be engaging in VET for the first time and we look forward to supporting them and their families to develop a deep understanding of the opportunities available so that they can make informed choices.

Please read the following documents, which will provide more information:

1. Information for the Adelaide High School community re VET 2022
2. VET Approved Evidence for completion of a relevant VET Pathway Guide
3. Internal Expression of Interest Form for VET 2022

If your son / daughter is interested in doing VET next year, please ask them to contact me to discuss how we might support them to achieve their learning and career goals.

Yours sincerely,

Livia D'Aloia
